StrongColour technology (SC)

Special RealColour LEDs (RC)

Special RealWhite LEDs (RW)

Legio

Human-Centric Lighting

Offices rank among the most important interior spaces, and HCL supports the health, well-being and performance of humans by combining the visual, biological and emotional benefits of light.

Lighting on the principle of HCL is applied where people work, learn, and live.

Design: Serge Cornelissen

Custom projects

We have successfully realized many special custom projects for our partners. We transform your needs into real products suitable for your project.

Ask our clients, including the largest shopping malls of Unibail Rodamco, Radio Free Europe and the Laser Center Eli.
